Print high-quality solid white graphics and text as well as vibrant color on transfer media —easily and cost effectively.

The C711WT (White Toner) lets you print in breathtaking color-plus-white on transfer sheets that can be used with a wide variety of substrates. It features enhanced High Definition (HD) Color Printing and Single Pass Color™ technologies, with a straight-through paper path, for results that ordinarily require expensive manual printing processes.

No more having to screen-print to get white lettering or graphics – Now you don't have to compromise on your designs or worry about how vibrant colors will look on dark material. The C711WT enables end users to easily print in-house what they need, when they need it.

The C711WT handles a wide range of transfer media sizes and weights, from letter- and legal-size to postcards and CD labels. Transfer media and sheets up to 140 lb. index (250 gsm) are fed into the unit's 100-sheet Multi-Purpose Tray.

For day-to-day printing, the C711WT has a 530-sheet Paper Cassette, and prints in color plus black through a mix of Cyan, Magenta and Yellow toner.

Fast print speeds for increased productivity

– With color print speeds of up to 8 ppm on transfer media and up to 34 ppm on day-to-day standard media,¹ the C711WT keeps work flowing smoothly.

Unmatched warranty support – OKI is so confident in the reliable performance of the C711WT Digital Color printer that we provide a 1-Year On-Site limited warranty on the printer² and an industry-leading 5-year warranty on its printheads.
